ENROLLMENT AGREEMENT

Students who enroll in Keystone National High School must have a working knowledge of the English language and must have successfully completed the eighth grade. For students who do not have any other documentation for academic admissions to the ninth grade (e.g., prior homeschool students), the following three guidelines will apply: 1) If a student is 14 years or older, he or she is considered "age appropriate" for ninth grade and may enroll in Keystone National High School, using a birth certificate or other official documentation as proof. 2) If a student is under 14 years of age, he or she must show proof of eighth-grade completion through one of these options: a) a middle school grade report or transcript, b) a certificate of eighth-grade completion, c) standardized test scores showing eighth-grade achievement or higher (IOWA, ACT Explore, state testing, etc.), or d) a homeschool portfolio. 3) Students and their families can speak with a counselor to address other circumstances. Compulsory school age students must have written permission from parent or guardian. Any student who is of compulsory age must also comply with homeschool requirements dictated by their school district. You need to check the requirement of your district to ensure the Keystone National High School program meets the district's homeschool requirements. For students enrolling in courses for any purpose, the listed fee for each course requested must accompany their completed and signed Enrollment Form. Keystone National High School will ship requested course(s) upon acceptance of student's Enrollment Form. Keystone National High School will provide all necessary study materials needed to complete each course, provide examination services, student services, transcript verification services, and present all graduates with a Keystone National High School diploma—in a prompt and professional manner. Half-Credit Courses include approximately 90 hours of coursework and Full-Credit Courses include approximately 180 hours of coursework. The starting date is the date this enrollment form is processed and students have a minimum of eight weeks and a maximum of one calendar year from the starting date to complete their courses. The student or school has the right to terminate enrollment at any time. All students are protected by our liberal Tuition Refund Policy (see form). This Agreement is not binding until signed by student and accepted by Keystone National High School. Questions, concerns, and complaints regarding satisfaction of the terms of this Enrollment Agreement may be directed to the Provost of Keystone National High School, 800.255.4937. Additional information requests, questions, and concerns that are not satisfactorily resolved by the person designated above or by other school officials may be directed to the State Board of Private Licensed Schools, Commonwealth of Pennsylvania, Department of Education, 333 Market Street, 12th floor, Harrisburg, PA 17126-0333, 717.783.8229; Northwest Association of Accredited Schools, 1910 University Drive, Boise, ID 83725-1060, 208.426.5727.

KEYSTONE ACTIVITY POLICY

Because maintaining a consistent pace throughout a course improves academic performance, Keystone has established the following Course Activity Policy:

- To be considered active, students must begin their coursework and submit at least one weighted assignment in one course within 30 days of enrollment. Thereafter, students must continue to submit at least one weighted assignment every 30 days.
- Students who plan to be inactive for 30 days or more must contact Keystone Student Services to place their account on hold. Placing an account on hold will not extend the course due dates.
- If there are 30 days without activity in a course, and the course has not been placed on hold, the course no longer qualifies for a refund, but the student retains the right to complete and receive credit for the course through the assigned due date.
